Ted Roman Talks On Aviation To Lion Members

Ted Roman reported on the tremendous changes in plane construction, testing and flight regulations, when he spoke to his fellow Lion members Wednesday at the Civic Center.

The club is concentrating currently on programs to acquaint members with what is going on in their own community.

Mr. Roman, with 23 years as a pilot, talked on commercial flying in the Glades and discussed restrictive problems that have arisen during the Cuban Crisis.

Ted began his career in Aviation as a student at Roosevelt field, New York and was later a flight instructor there. He spent 4 and one-half years as instructor at the Army Primary Flying School in Douglas, Ga. (Continued On Page 5)

Asa Townsend Family Off To Australia

Asa Townsend, a long-time resident of Hendry County is taking part of his family on a long trek to Australia in search of quiet and undeveloped area where the love of the wild places may have an opportunity.

Asa sold his ranch of 4,640 acres to A. Duda and Sons for a reported \$400,000 cash. The sale included cattle, and was negotiated by Realtor Thurmond Knight.

We can imagine the greeting of "Come Here Yankee" instead of the old "Go Home, Yankee" common throughout the world when they see Asa coming with that bag full. Asa is not reputed to be easily taken in, and he knows what he wants!

This citizen is not burdened with an "egg-head" give-away idea, though the folks "Down Under" will find him neighborly and friendly, and it's possible he may become an Ambassador with a big "A".

All Don't Have Horns

Though we may differ in the philosophy of politics and government, we must remember there are places in these good old United States where Republicans are citizens from "the right side of the track."

Undoubtedly some of these have become citizens of Florida, and some in Palm Beach County.

We have had a disagreeable taste, an indifferent taste, and we begin to suspect an ACCEPTABLE taste of republicanism in county government.

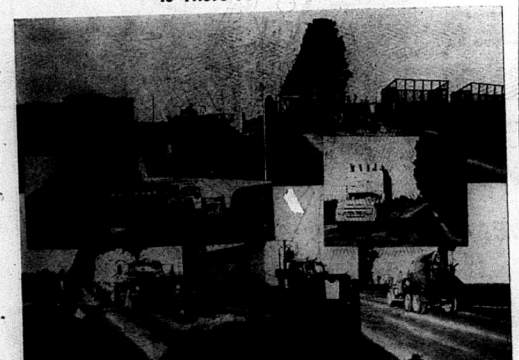

Whatever the individual taste, we have them with us, and they must endure the period of disillusionment between campaign promises and discovery of the "facts of life" in public office.

A little "goosing" and expectancy of campaign promises to be kept, will help them and maybe bring an appreciation of the fact that the Glades has grown up and has become an important part of this County.

If we can get this idea accepted beyond Twenty-Mile Bend among "whoopie" organizations and county government, we will then have made the best of a situation we had no part in creating — republican office-holders in the County.

We should get closer to County and local government — let's BREAK BREAD with them, frequently, and with an occasional breakfast instead of "fixed breakfasts."

Is There A TRAFFIC PROBLEM?

At the junction of State Road No. 715 with Road No. 80, between Belle Glade and South Bay at approximately 7:45 to 8:00 a. m. Thursday, October 25th.

Among the first (top left) four-wagon trains of cane cut at the South Bay Plantation of USS Sugar being hauled from the field to the loading station, with empties (top right) being returned to the field.

During the approximately fifteen minute period first came the load of hampers (middle right), then the liquid fertilizer truck (lower left) then the mobile cement mixer (lower right) followed by the long-distance transport (lower center).

The school buses (center left) was hurrying pupils to the Belle Glade Schools.

In between, the butcher, the baker, the stenographer, the farmer the nurse and the school teacher, mixed with out-of-state visitors and cross-state travellers made a most continuous line of traffic.

US Sugar at Clewiston is the largest of a total of nine mills expected to commence operation during November and December.

The Co-op at Belle Glade is putting 44 long trailer cane-hauling trucks on the road by mid-November, and Okelants will begin soon hauling hundreds of tons per day over roads around the south and east side of the Lake.

Business is "sweet" around the Lake in Palm Beach County, but it's most likely to be a "sweet mess," traffically speaking.

Medical Self-Help Training Program For Entire Glades

The County Health Department has plans for teaching medical self-help to the public.

Before general education of the public is begun, there must be a staff of teachers, a course of special instruction for those who will carry the message to groups has been organized.

Not more than 35, nor less than 25 Key Civil Defense, Red Cross and other group personnel, as well as doctors, dentists, pharmacists, nurses, veterans and those in educational work are wanted.

Cecil Bair, Local Defense Chairman reports that five from South Bay and five from Canal Point will attend the one-month course of two nights-per-week.

Others are invited, and details may be had from Chairman Bair, Arthur Lyon, County Sanitarian, or Miss Plummer in Charge of Nursing at Pahokee.

Fifteen to twenty-one more are needed to begin the classes.

Mrs. Jane Little Begins Duties As Draft Board Clerk

Mrs. Jane Little has been appointed Clerk of the Selective Service office here and began her duties October 29th.

Mrs. Little was secretary to superintendents at Glades Correctional Institution for the past nine years.

Mrs. Ann Johnson, Clerk for the past three years, has resigned her duties, effective November 9, to devote full time to her home and family in Clewiston.

Charles Goodlett is showing Ephraim Morris just where the south side of the bridge will come. Second street, south of the Canal is shown in the background.

The bridge will serve southbound traffic, to relieve the present Main Street traffic jam at the bridge.

The Fifth Street bridge proposed by the County Commission from the bond sale money, but the bridge would be available during January or February.

A temporary permit from C & S was secured and work began this week, with the expectation that the bridge will be ready for use before Santa Claus comes.

Fla. Farm Bureau Meets At Tampa November 11-12

Six members of the Everglades County Farm Bureau will take part in the 21st annual convention of the Florida Farm Bureau Federation in Tampa November 11-14. The area delegation to the four day meeting will be housed at the Hillsboro Hotel, convention headquarters.

Led by County President Walter Kautz, the local group will play an important part in the formulation of Florida Farm Bureau policy for the coming year.

FFBF President E. H. Finlayson of Greenville will preside over the convention, featuring such speakers as Tom Anderson, publisher of FARM & RANCH Magazine and author of the column "Straight Talk." Delegates will include A. R. Harrington, Walter Kautz, Floyd Erickson, George Tucker, E. W. Weaver and Carl Waggoner.

Principal To Speak At Junior Senior Hi PTA Nov. 12

The November meeting of the Belle Glade Jr.-Sr. High PTA will be held on Monday, Nov. 12, 8:00 P. M. at the Cafeteria.

Principal Pellon Morris will be in charge of the program. A review of progress since the Southern Association Evaluation Committee's visit one and a half years ago, and a comparison of the pre-school youngster to the junior-senior high student will be made. Mr. Milton Carpenter, local school board member will give an insight on future school plant development for Belle Glade grades 1 to 12.

Officers for the Jr.-Sr. High PTA are President, C. E. Crisfield; Vice-Pres., Emil Wolf; Secretary, Mrs. Junius Harris; Corresponding Secretary, Mrs. C. E. Haines; Treasurer, Harold Zumph. Committee chairmen are Civil Defense, Vernon Dexter; Character and Spiritual Education, Vince Marquess; Cultural Arts, Mrs. Henry Earwood; Hallows, Mrs. Jack Kaufman; Health, Mrs. W. W. City Invited To Talk Plans Of Civil Defense

A hurry-up call came to the City during the past few days asking that the Mayor, the City Manager and the Fire Chief come to Tallahassee Thursday to meet similar office-holders from throughout the state for the purpose of a talkfest concerning Civilian Defense.

Whether it will be a continuation of waste of time and effort or some real plans to be made and followed concerning an important community welfare, is not known.

Anticipating a continuance of the Khrushchev-Castro dilly-dallying, and real concern about what will happen here, the Mayor is making the trip to find out what he can.

If plans are materialized, information will be given in next week's HERALD for the public.

With a 60% turn-out in Tuesday's voting, on the question of the issuance of \$1,200,000 in bonds for the Southwestern Hospital District, 977 voters want the bonds issued and 191 expressed disfavor of the proposition.

Work With USDA Takes Don Fishler To Ghana, Africa

Don W. Fishler

Mr. Donald W. Fishler, leader, Cordage Fibers Investigations for the Cotton and Cordage Fibers Research Branch, U. S. Department of Agriculture, Belle Glade, Florida, left on a Temporary Duty Assignment to Africa for the Agency for International Development last Monday, October 22.

Mr. Fishler spent two days in Washington, D. C. for last minute briefing, departing the country from New York on Wednesday, October 24. He was to spend four days in London and Paris conferring with other fiber specialists, arriving in Accra, Ghana, Africa, Monday, October 29. Mr. Fishler will be in Accra for approximately 21 months assisting the government research project.

Don is perhaps best known in Belle Glade for his enthusiastic support of community and church endeavors. He is past President of the Belle Glade PTA, the Civitan Club, and the USDA Club, has served as Chairman of the Local Red Cross drive and Business Chairman of the Heart Fund drive. He is an active member of St. Phillip's Catholic Church.

Don came to Belle Glade in 1957 from the other end of the United States — Oregon. Although he is a native of Southern California, Don has spent a good part of his life in Oregon. Before coming to Belle Glade he was associated with the U. S. D. A. fiber research group at Oregon State College. He received his two degrees at Oregon State.

Don is married to the former Catherine Clark of Portland, who also attended Oregon State. They have three children: Pat, Jackie and Michelle.

In the five precincts — Lake Harbor, South Bay, Chosen, and the two in Belle Glade the low percentage on the favorable side was in Chosen where the vote was 58 to 15, slightly under five to one. In Lake Harbor there were eight dissenters and 38 for the bonds.

South Bay was slightly over that to one — 113 to 28; Belle Glade high precinct voted 585 to 98, with four ballots spoiled, or with no indication of just how the vote was split.

There were 48 votes where a simple check mark was used instead of the prescribed X, so that the managers were not in a position to count them.

In the Lake Shore High School precinct, a total of 216 voted for the bonds and 16 voted against them.

The total vote was 1,133 with 158 registering a "No" vote, and 973 voting for — a six to one ratio.

There were approximately 1,966 registered freeholders, so that 983 plus one vote, were necessary to make the case for the bonds. It was necessary that 492 plus one vote favorably on the issue — more than twice that number actually voted for the bonds.

Chairman Claus went to Tallahassee Tuesday afternoon and ready Wednesday morning to notify the Hill-Burton Fund group that the Southwest Hospital District is ready. ANXIOUS and able to put up its share of the funds necessary to give us a new hospital.

Architects are finalizing plans and the fiscal agents are completing definite arrangements to sell the bonds at the most favorable figure.

More taxpayers are informed about how and for what their money is to be spent and have a better idea about just what kind of hospital and medical service will be available in the area.

Applications Being Accepted For Merit Exams

Gerald L. Howell, Florida Merit System Director, announced today examinations for Clerk Typist I, Clerical Typist II, Stenographer I, Stenographer II, Secretary and many others. Applicants qualifying on these tests will be placed on the list from which the present and future state job vacancies can be filled. Applications and a schedule of these and other examinations to be given on December 8th, may be obtained at your local Florida State Employment Office. See notice or by writing directly to the Florida Merit System, Doyle E. Carlton Building, Tallahassee. Applications must be filed with the Merit System by November 21, 1962.

Republicans Treadmill Towards County Courthouse

The Glades retains its historically democratic political complexion — every precinct gave

every democratic candidate a majority ranging from the 1,735 to the approximately 1,000 majority for Sunday, Turner and Eassa.

Representative Roberts received an approximate 1,500 majority of the 2,200 votes cast in the eight Glades precincts.

## Agriculturally Speaking

By John H. Causey  
 Associate County Agricultural Agent

This past week, as mentioned last week, the Florida State Horticultural Society met in Miami Beach for its 33rd Annual Meeting. During this meeting, Research Workers from all parts of the State gave reports of their work on citrus, vegetable, ornamental, tropical and sub-tropical fruits, and the processing and handling. It was interesting to note that of the 32 papers presented in the Vegetable section, 10 were presented by workers of the Everglades Experiment Station. The full text of all papers presented at this series of meetings will be available when the proceedings are published.

Remember back when most of us lived farther North in an area where peaches could be successfully grown in our back yards? Now we can have these large luscious peaches growing in our back yards. The red Canyon peach was introduced several years ago which is a tropical peach brought into this country from the East Indies and produces well in tropical areas. The Florida Agricultural Experiment Station, in Gainesville, started a breeding program using this introduction and others to cross with our more popular varieties in order to produce a peach that will do well commercially in our Central-Florida area. Now they

## Accidents Raise Auto Insurance Rates In Florida's Largest Counties

State Insurance Commissioner J. Edwin Larson will hold a public hearing Nov. 19 to review proposed automobile insurance rate increases up to 5.3 percent, sought by more than 450 companies writing auto insurance in Florida.

The 8:30 p. m. hearings in House committee room 307 will be open to the public.

Representatives of the National Bureau of Casualty Underwriters, with some 175 member companies writing auto liability injury and property damage policies in Florida, and spokesmen for the National Automobile Underwriters Association, which represents 275 companies operating in Florida, asked for the hearings to air requests for rate increases. Jointly the two groups wrote some 95 percent of Florida auto insurance.

Commissioner Larson said the proposed increases are directly attributable to a spiraling accident cost figure over the past several years.

Requested are 5.3 percent bodily injury per person premium increases, and 3.5 percent property damage hikes.

The NBU and NAUA say their member companies cannot continue to write auto property damage and bodily injury policies at existing rates without losing money, because of the continued rise in accident costs.

Commissioner Larson pointed out the Insurance Department is required by law to see that insurance companies in Florida charge neither too much, nor too little — since failure to approve justified rate increases would inevitably force many companies out of Florida and reduce competition among firms continuing to operate in the State.

Commissioner Larson called in J. Huel Briscoe, nationally-known Chicago consulting actuary, to scrutinize the companies' revision request, along with the Insurance Department's widely-known staff actuary, Charles M. Graham.

Graham said the proposed increases, if approved, would cost the operator of a 1-A class auto (driven by persons over 25, for pleasure only) \$4 more per year for \$10,000-\$20,000 bodily injury insurance; and \$1 more per year for \$5,000 property damage in Dade County.

Increases in comprehensive insurance for the same class operator would be \$3, while \$50 deductible collision insurance would drop \$2, leaving the Class 1-A driver paying a total of \$167 per year for minimum insurance coverage, compared to \$161 per year at present, in Dade County.

Net increases for the same class drivers in Duval would be \$9, in Broward and Palm Beach Counties, \$1; in Orange County, \$3; in Pinellas; and in Hillsborough and Escambia, \$5. Remaining areas outside those listed would pay \$2 per year more.

Class 2-C operators by areas would go up from \$409 to \$440 in Dade; up from \$313 to \$353 in Duval; from \$291 and \$307 in Broward and Palm Beach; \$226 to \$248 in Orange; from \$223 to \$248 in Pinellas; from \$230 to \$258 in Hillsborough; and from \$249 to \$269 in the remainder of the State.

Class 2-C rates apply where there is no limitation as to business use, or undergarage operation, and is the most expensive insurance in non-retail categories.

The Commissioner said "there is little room for insurance rate increases in the statistics facing Florida drivers this year, as auto accidents were up from 60,098 during the first six months of 1961 to some 65,985 during the same period of this year — a net increase of more than 5,000."

Larson said 114 more lives have been lost in traffic accidents during the first 10 and one-half months of 1962 than were reported in the same period last year.

The insurance Commissioner pointed out that an all-out drive against the continuing upward traffic accident spiral has been pushed by the Citizens' Advisory Committee for Highway Safety of which Larson is chairman; but he declared "we need far more public awareness of the hazards of our highways if we are to reverse the upward trend in accidents."

## Cancer Research Funds Given To Fla. Groups

During the past year, \$183,942 has been invested for purposes of cancer research in Florida by the American Cancer Society. It has been allocated to medical centers and institutions and issued as fellowship and scholarship grants for special projects. Last year, \$128,788 was allocated for similar cancer control research work.

The announcement was made in a report issued by Donald Smith, M. D., Miami, volunteer chairman of the Society's Research Committee.

The breakdown made in the report is as follows:

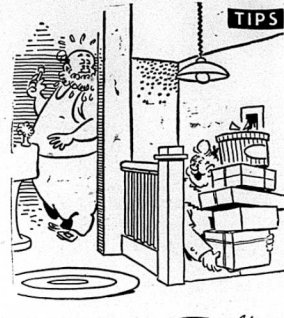

The University of Miami, 4 grants amounting to \$63,872. These are \$9,964.00 for a continued study of the role of insole and its metabolites in the incidence of induced bladder cancer in rats. Another grant is for \$10,405.00 for a study of the synthesis of candidate anti-cancer agents and a third of \$14,903.00 to study a related study to their main line endeavors or develop new techniques. Six fellowship grants of \$500 each were issued to permit students of the Medical School to pursue special studies related to cancer research and control.

At the Papanicolaou Cancer Research Institute in Miami 3 grants are currently in effect. These grants of \$8,050, \$20,650 and \$44,498 have been issued under the supervision of Dr. Bernard Naylor. They will be used to carry on the work of the late Dr. George Papanicolaou whose "Pap Smear" test is credited with saving the lives of thousands of women, under Dr. Naylor's direction, early detection techniques are now being sought for cancers of the lung, breast and gastro-intestinal tract which might be as feasible as the Pap tests for uterine cervical cancer.

## Letters to the Editor

Belle Glade Herald  
 Mr. Luther Jones, Editor

Sir:

As one of your out of town subscribers, I want you to know how pleasant it was to read the Fram Rags to Riches, articles by L. E. Will and Mrs. Rosa Nash, in your Oct. 18th issue. It is so nice to read about the early years in the Glades area.

I am always very interested in any article or book that Lawrence E. Will writes or is connected with. I think that he is an outstanding historian and writer, also author in re Glades of Florida. I have read his former books and eagerly wait for a new one to be published.

Please have more of his articles, published in your paper, Belle Glade Herald, A fine outstanding publication.

It is a real pleasure to know Mr. L. E. Will, thru his writings. Wishing him continued success and a happy future to Mrs. Rosa Nash.

Sincerely,  
 Harold T. Fogarty

## 2298 Hear Talk On "Survival" A Jehovah's Witnesses Meet

The featured discourse, "The Bible's Answer to Our Problem of Survival," was attended by 2,298 persons at the three-day Christian Assembly concluded Sunday by Jehovah's Witnesses at the War Memorial Auditorium, Ft. Lauderdale, Florida.

## A New Roof .... In Town

The many new buildings springing up around our city go unnoticed until the roof is on, and so it is with the new future home of the Belle Glade Alliance Church. Many have passed by and made the comment "I Wonder what That Building is Going To Be."

As you pass the corner of E. Canal at N. E. 5th St., notice the steep roof of the new Belle Glade Alliance Church and then watch for the announcement of the dedication service.

This new church with the people who will worship here is one of 1200 churches of the Christian and Missionary Alliance in the United States. 1962 marks 75 years of missionary endeavor carried out by 860 missionaries serving in 22 different areas of the world.

Many people ask what is the Christian and Missionary Alliance. Our statement of faith, Rev. Jack Edwards says, may help to answer this question. The statement of faith claimed by the Belle Glade Alliance Church is as follows:

1. The verbal Inspiration of the Scriptures.
2. The Trinity of the God Head.
3. The Deity of Our Lord Jesus Christ.
4. The atonement of the Blood of Christ.
5. The Salvation of the Lost by Grace.
6. The Healing of the Body.
7. The Resurrection of the Dead.
8. Eternal Damnation and Eternal Life.
9. The Pre-millennial Coming of the Lord.
10. To simplify this statement we can say that we claim Christ as our Savior, Sanctifier, Healer, Coming King.

THE WORLD'S MOST WIDELY USED DIVISIONAL GUIDE

Read Colossians 1:21-29  
Christ also loved the church, and gave himself for it. (Ephesians 5:25).

A church I once served as pastor was discussing the idea of retaining the sanctuary and adding a church school annex. When the matter of finances was brought up, an elderly man who loved the church and was faithful in his support of it rose and made a persuasive statement.

He said, "I don't think you could make a better investment anywhere than in the church." His statement and the demonstration of its truth in his life exerted a great influence upon the people. He helped them to decide in favor of the proposed undertaking.

When we invest our time, talents, and treasures in the church, we know they will not be lost or wasted. We should love Christ and the church so much that we would be ready to die for them.

But the more pressing need is to live for them. An investment of our total lives in its daily ministry will strengthen Christ's church and further enable it to accomplish its mission in the world.

**PRAYER: O Father, we thank Thee for Thy church, and for the privilege of sharing in its ministry to mankind. Keep us faithful in our efforts to strengthen Thy church. We pray in Jesus' name. Amen.**

**THOUGHT FOR THE DAY**  
I will so live today that my Christian testimony will strengthen the church.

## Churches of Christ Scientist

The enlightened nature of the man of God's creating will be explained Sunday at Christian Science church services. Selections from the Bible in the Lesson-Sermon on the subject "Adam and Fallen Man" will include these verses from Ephesians (5): "Be ye therefore followers of God, as dear children... For ye were sometimes darkness, but no ware ye in the Lord; walk as children of light."

Readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include (p. 200): "The great faith in the Science of being that the real man is, is, and ever shall be perfect, is incontrovertible; if man is the image, reflection, of God, he is neither inverted nor subverted, but upright and Godlike."

## Local Delegates Will Attend 39th Annual PTA Meet

Mrs. Fred Wolfe and Mrs. C. J. Lagard of Belle Glade will be among the 1800 delegates expected to attend the 39th annual convention of the Florida Congress of Parents and Teachers to be held at the Panama City Auditorium, Panama City, Florida, November 13, 14, and 15, 1962. The theme of the convention is "Faith is Our Foundation."

Mr. E. D. Trice of Texarkana, Arkansas, the treasurer of the National Congress of Parents and Teachers will be present and will deliver the opening session's address on Tuesday evening.

Mrs. Trice is superintendent of schools in Texarkana, Arkansas. He has had twenty-two years of experience in the public schools of Arkansas — as a classroom teacher, principal, and administrator. He served a three year term as president of the Arkansas Congress of Parents and Teachers and is active in the Arkansas Education Association.

Mrs. Howard M. Wernick of St. Petersburg, president of the Florida Congress of Parents and Teachers, will preside at all sessions.

Among the highlights of Wednesday morning's session will be an address by Rabbi Joseph R. Narot of Temple Israel of Greater Miami, entitled "Faith is Our Foundation." Honorary Life Memberships will be presented at this session as well as the participation of all delegates in one of four discussion groups dealing with the subjects "Faith in God," "Faith in Man," "Faith in Public Education," and "Faith in the Achievements of America." These discussion groups will be conducted by members of the State Board of Managers of the Florida Congress of Parents and Teachers.

were made for Halloween and taken to the hospitals in West Palm Beach to go on dinner trays. The Junior Red Cross will host the district meeting this month, in their school.

John Kinley, membership chairman, announced anyone having any ideas on how to keep the PTA attendance up, to please feel free to express their opinions to him or any of his committee.

On arrival at the meeting everyone was greeted by Mrs. Thomas Baker, Mrs. Ann Sheridan, Mrs. Howard Lamb, Mrs. J. E. Boreo, Mrs. Joe Shackelford and Mrs. O. C. Prescott and were registered in the Glades and class they were representing.

Mrs. McClure had the highest attendance again and will keep the trophy for next month.

Election of delegates to the state PTA convention was held and Mrs. Fred Wolfe, Jr., and Mrs. C. J. Lagard were the ones to represent the school Nov. 1-15 at Panama City.

It was announced that persons having any comments for bettering the Halloween Carnival next year to please write, or call Bob Lanier or Joe Orenstein and let your thoughts be known.

Hostesses for the meeting were Mrs. Bill Burke, Mrs. Howard Hill and Mrs. Urban Feising. They served coffee and doughnuts of everyone.

Following the parade the booths were opened and the adults as well as the children had a chance to enjoy themselves. The "House of Horror" aroused a suspense so great that the children stood in line waiting a turn to go in. The fish pond proved to be so much fun for the children as fishing in Lake Okeechobee is to the adults except the children had the great advantage of knowing they would get a "catch" each time the pole went down. Other booths such as darts, hit the bottle and many others were patronized enthusiastically. The pony rides, hayrides and several different rides kept the children busy.

The "Baby Sitting Fence" had the tots enjoying themselves with rock horses, push toys and blocks.

## BOY SCOUT ACTIVITIES

Troop 621 took an active part in the Halloween Carnival last Wednesday night. We ran a "knock down the milk bottle booth" and helped the Civitan Club with their booth.

Last Saturday the troop went camping on the Hoover dike. All 14 boys and 2 adults and all their gear manager to cram themselves into 3 automobiles for the trip to the dike.

Upon arrival camp was set up and lunch was fixed. Right after lunch, 4 boys went on a five mile hike and a trail signs course was set up. When the boys had completed these tests they went on to other requirements.

Throughout the afternoon snakes were found and several were chopped in two, each one being used to scare the daylight out of Victor. He took it like a good scout should, by grabbing the seat of his pants and heading for the next county.

Supper for the troop was prepared by Glenn Wolf and Richard McMillan, who passed most of the requirements for the cooking merit badge. On the menu was a beef stew (prepared from raw ingredients), boiled apples, and tea.

After supper the boys began playing capture the flag on top of the dike. A few minor injuries prevailed but we had no casualties.

Soon after the games the troop retired for bed and the Green Bar had a short ball session around the campfire.

The mosquitoes were terrible and it was a miracle that any body got any sleep.

Most of the boys were with the sun and prepared their

breakfast by buddies. The remainder of the morning was spent fishing and passing tests. Everyone succeeded in getting back without any serious injuries or illness.

The boys attending were as follows: Marilyn Felsing, Glenn Wolf, Victor Riedel, Gene Hollingsworth, Richard McMillan, Freddie Whitlock, Tommy Follen, Jerry Polden, Jimmy Meeks, Wayne Meeks, Bobby Smith, John Kidder, Archie Kirchner, and Larry Williams.

Adults attending were Jack Carter, Scoutmaster, Bud McMillan (and his son David), Urban Felsing, and Spence Whitlock.

The troop plans to attend a Gulf Stream Council Camporee at Camp Tanager-Keweenaw on Nov. 17 and 18. —Marilyn Felsing

## -NEGRO NEWS-

### St. John First Baptist Church Has Homecoming With 300 Present

Sunday was a day of rejoice at St. John when so many of our former members and friends joined us in our annual homecoming. The beautiful service was given by Mrs. Ruby Rutledge, during the morning service, and the occasion was given by Mrs. Mildred Walker. She pointed out very vividly that too many Christians are "drifters," and we are supposed to be faithful and steadfast for we represent Christ.

The choir under the direction of Mrs. L. E. Taylor, Miss Leah Miller, Miss Myrtle Miller, sang out of their souls.

The Rev. Walker of St. John Riveria Beach, who is one of the founders of this church, brought the morning message. He spoke from the 20th chapter of Revelation. His subject

was "The Books," The message was a most profound and inspiring one. It shall live long in the memory of those who heard him.

Dinner was served in the dining room of the church. We are grateful to the persons, about three hundred, who shared in our "Homecoming Dinner."

Rev. E. Coffie brought the afternoon message. The theme of his discourse was, "Going Home" — Scripture, Luke 15: 18. This was a most effective message, forcefully delivered.

The program of the evening was presented by Lake Shore High, faculty. The band and chorus, under the direction of Mrs. Effie Gear and Mr. Crews, rendered most appropriate numbers. The speaker, Mrs. Myrtle Coulon, who was presented by Mrs. Edwina Shaw, delivered a most interesting and thought-provoking address, centered around today's "Youth" and the various avenues of related responsibilities. Others appearing on program, were Mr. Nathaniel McCray and Mr. Oris Walker. Mr. Chas. McCurdy, principal. The "Committee" wishes to thank our members and friends for the very important part played in making this program a success.

### Date Of Operetta Changed To Nov. 13

The date for "The Gypsy Troubadour", an operetta in two acts being sponsored by the Lake Shore High School art department has been set for November 13th (Tuesday). Tickets for this operetta have already begun to go like "hot cakes." It seems as though there will be standing room only when the curtains open at 8:00 p. m. We advise you to get your ticket early for this outstanding event. It promises to be one that will be long remembered by all who will witness it. Tickets are \$1.00 for adults and \$.50 for students.

Sunday was a day of rejuvenation at St. John when so many of our former members and friends joined us in our annual homecoming. The beautiful welcome was given by Mrs. Ruby Rutledge, during the morning service, and the occasion was given by Mrs. Mildred Walker. She pointed out very vividly that too many Christians are "drifters," and we are supposed to be faithful and steadfast for we represent Christ.

The choir under the direction of Mrs. L. E. Taylor, Miss Leola Miller, Miss Myrtle Miller, sang out their souls.

The Rev. Walker of St. John Riviera Beach, who is one of the founders of this church, brought the morning message. He spoke from the 20th chapter of Revelation. His subject

was "The Books." The message was a most profound and inspiring one. It shall live long in the memory of those who heard him.

Dinner was served in the dining room of the church. We are grateful to the persons, about three hundred, who shared in our "Homecoming Dinner."

E. E. Coffie brought the afternoon message. The theme of his discourse was, "Going Home" — Scripture, Luke 15: 18. This was a most effective message, forcefully delivered.

The program of the evening was presented by Lake Shore High faculty. The band and chorus, under the direction of Mrs. Effie Grear and Mr. Crews, rendered most appropriate numbers. The speaker, Mrs. Myrtle Coulon, who was presented by Mrs. Edwina Shaw, delivered a most interesting and thought-provoking address, centered around today's "Youth" and the various avenues of related responsibilities. Others appearing on program, were Mr. Nathaniel McCray and Mr. Oris Walker, Mr. Chas McCurdy, principal.

The "Committee" wishes to thank our members and friends for the very important part played in making this program a success.

Mrs. Willie M. White, General Chairman  
Mrs. Elizabeth Miller, Co-Chairman  
Rev. J. B. Adams, pastor

Part of the group of 20 "Sugar Babes" accepted by Mr. Fernandez de la Riva Jr. for Talisman Sugar House to be used in pulling cane wagons.

"Sugar Babes" are the Allis Chalmers version of rubber tied fast moving field transport power units, designed in the Glades for the sugar industry, according to Mr. Charles Storey of the Richardson Tractor Co., Glades dealer.

Talisman has also recently purchased six power units for water control, 30-Allis Chalmers Crawler Tractors for maintaining and harvesting sugar cane, including 8-HD-3's, 16-HD 6's, 6-HD-11's, and five Lorrain draglines.

"We anticipate a substantial increase in the use of our Sugar Babes," says Mr. Storey.

Fla. Fed. S & Loans Make Record Gains - The 122 savings associations in Florida set an all time high in savings increase for the month of September as savings increased by \$56,450,000 which was \$25 million over the previous high for the month recorded back in September, 1959.

In releasing this information, William D. Hussey, executive vice president of the Florida Savings and Loan League, said the September increase brought total savings in these Florida associations to \$3,697,749,000 which is represented by 1,442,000 savings account holders.

For the first nine months of the year Mr. Hussey reported that savings have increased by \$373,731,000 which is a record increase for the first nine months of any year on record.

Mortgage lending volume by Florida associations during September totaled \$65,418,000 which was also a record amount for the month of September. From this total \$22,766,000 went for the construction of 1,751 new homes.

As of September 30, 1962, the savings associations in Florida had a total of 371,000 mortgage account holders with total mortgages of \$3,423,000,000.

## PB County No. 3 Percentagewise Fifth In Florida Counties For Total

Palm Beach County comes up with a 10.9 percent gain in population since '60, and for a 24,800 number gain, according to an estimate by a University of Florida study.

Brevard County led percentagewise with 20.9 percent, and a total gain of 23,800, with Broward second with 12.9 percent and a total of 43,100. The greatest number listed Dade County, for 89,900 new folks have settled there, bringing Dade's percentage to a 9.5 increase.

Eight counties, all in South Florida, except Duval, Brevard and Orange, show increases for the survey.

Eight counties are listed as losing, and they are all in Florida, except Glades. These

## Jr. Cattlemen Hear County Ag Agent

An interesting program was presented by M. U. Mounts, Palm Beach County Agricultural agent, at the meeting of the Glades Junior Cattlemen's Association held at the Ag building at Pahokee High School Monday night. Mr. Mounts talked on Minerals for Livestock and of the Use of Minerals in Crop and Livestock production. Warren Repper of Canal Point, one of the members gave a report of his trip to the National FFA convention held in Kansas City Mo., where he received the Future Farmers of America highest award the "American Farmer Degree."

The meeting was presided over by John Causey, Jr. Members were present from all areas of Bean City north to Canal Point.

## Home Demonstration Leaders Told What To Do In Case Of Fallout

Mr. Fred Needham of Boca Raton and Mrs. Susan Camp, State Nutrition Specialist of Tallahassee, discussed with H. D. leaders Thursday some of the vital information given by Civil Defense. Leaders were asked to take Civil Defense booklets and this information back to their local club groups. Mr. Needham and Mrs. Camp stressed the importance of everyone having at least a two-week supply of water and staple foods on hand, a can and bottle opener, a flash light, battery radio, first-aid kit and sanitary supplies.

They suggested that one in every family attend a Civil Defense class if possible. Civil Defense booklets were given these leaders for distribution telling how to construct a fallout shelter and how to protect oneself best in a home. Shelter supplies needed, first-aid and sanitary measures, and how to get large of fallout.

The leaders were given the following information: In the event of a nuclear attack, everyone should be prepared to live in a shelter as long as two weeks, coming out for short trips only if necessary. Fallout would be most dangerous in the first two days.

If your first warning of nuclear attack should be the flash of an explosion, don't look at it. Quick action during the next few seconds could save your life. If you are inside, dive under or behind the nearest desk, table, sofa, or other piece of sturdy furniture. Try to get a shadow; it will help shade you from the heat. Lie curled on your side with your hands over the back of your neck, knees tucked against your chest. Stay away from windows, or turn your back to them. Don't admit heat rays and also may shatter.

If you should receive warning of an attack but do not have a shelter, shut off main electric

## Senator Smathers Appeal To Floridians

Political expediency thru criticism and patriotic applause for the White House discovery of the Monroe Doctrine in Krushchev's Castrovia, have apparently battled within groups of republicans in Palm Beach County, where national leaders of the Party have scheduled a "blitz" on Democratic officeholders.

Senator Smathers appeal was apparently answered to many Floridians when sugar legislation was signed and Cuba given some attention suggested by him.

A Ft. Lauderdale former army officer Frederic A. Kibbe is damning the democrats in his race against Paul Rogers to represent the Sixth Congressional District in Washington, but Paul has consistently "kept touch with the common man."

Jerry Carter has a republican embarrassing him whenever possible for Railroad Commissioner, but Jerry is an old-time vote getter.

Jerry Thomas and Emmett Roberts have youngsters, listed as Republicans, running against him — Jerry and Emmett came up the hard way, and voters usually recognize service and results.

The republicans found a properly listed politically-inclined opponent for Judge Newell, of the Juvenile and Domestic Relations Court for John Dinkie, Criminal Court Clerk, and two democratic nominees for the School Board — Louis Bills of Riviera Jack Egan.

A doctor of Veterinary Medicine Dr. Thorpe, is trying to convince voters that he would make a better school board member than Harold A. Turner, a man of experience on the Board.

Ben Sundy a lot of conversation among fellow residents in the lower part of the county, as the Republicans campaign for County Commissioner.

Geason Strambaugh, Commissioner of the Inland Navigation District (Inland waterway) has republican opposition for his free job. There haven't been any taxes assessed, for several years in this district.

A write-in candidate, of unannounced political affiliation, is hounding Lake Loyal with speeches about water sever rates, and the West Palm Beach airport.

There are eight other unopposed candidates who will appreciate your vote of confirmation.

"Big Success"

Lake Harbor Halloween Carnival Provided Enjoyment For All Ages

Lake Harbor's Halloween Carnival Monday night at the school was reported very successful financially and as entertainment for all who attended.

"Since we plan for this to be something for the children to enjoy, we do not try to make a lot of money," the committee reported.

The costume parade started the evening's events and prizes were awarded to the following: Pre-school — Melanie Ezell, John Newman.

First Grade — Charles Henderson, Bubba Connor.

Third Grade — Martha Clevenger, Danny Connor.

Second Grade — Geneva Lamb, Frank Royal.

Fourth Grade — John Causley, Ronny Hunt.

Fifth Grade — Carol Williams, David Johnson.

Sixth Grade — Marie Soto, Betty Lou Dahling.

Others — Judy Plank, Tommy Connor.

Judges were Mrs. Jane Evans, Mrs. Howard Leonard and Mrs. Marvin Davis. Mrs. Bill Byers and Mrs. Frank Robertson worked in the fish pond and spent a very pleasant evening with all the fishermen.

The Country Store did such a good business they had to close doors at 10 o'clock. Mrs. Vernon Henderson and Mrs. Archie Hunt had charge of this booth.

The Cake Walk with Mr. and Mrs. Roy Layfield and Mr. Jake Newman in charge, was very popular too and some mighty pretty cakes were won. The kitchen here were Mrs. Y. E. Smith, Mrs. C. A. Thomas, Mrs. Harold Williams, Mrs. George Reid, Mrs. John D. Hemphill, Frank Minirith, Mutt Thomas, and Frank Robertson.

Cold drinks were sold by Patsy McKee and Hugh Rudolph.

Each of the Teachers had a

game in their rooms. Mrs. Lutz had bowling and the children really had Apple bobbing and a Bean guessing contest. Mr. Rudolph had "Ring the Bottle" contest in his room. All these games proved very popular and good fun.

Mrs. Y. E. Smith had charge of the Fruit cake which was won by Mrs. A. B. Mathis.

Mrs. "Bo" Austin won the toy sold by "The Pocket Lady."

Belle Glade's never-say-die Rams held on in the clutch to down Lake Worth 12-0. They are still undefeated and unscored on after seven games. The season totals are 189 for the Rams and zero for the opponents. This is the team that was picked to finish seventh in the Conference.

Lake Worth received but couldn't get the first down and punted to Belle Glade on the Ram 43. Close proceeded to lead his charges to paydirt. It wasn't easy. Lake Worth was higher than a Georgia pine for this one. Staying on the ground all the way, Close gave quick hand offs to Mills and Holt up the middle and ran the option wide for most of the yardage. Close had a tremendous night against the Rams. He ran the option to perfection all night. Belle Glade never fumbled or lost yardage on the option all night. Close capped the drive by wedging over from the one. The run for the PAT was stopped but the Rams had scored. Lake Worth gave the Ram defense fits. Quickies By Freddie Mayer and Pee Wee Wise started a second quarter Trojan drive that was stopped when a pair of hard hitting Rams shook Mayer loose from the ball on the Belle Glade 30. Mayer's 17 yard sprint off tackle was the longest run against the Rams this season.

After Spooner recovered Belle Glade was short of the first down at the forty and Mills punted into the wind to the Trojan 18. The Trojan tested Johnny Dell, defensive end replacement for Frank Kruse, with their strong sweep patterns and found him tough as the rest. Dell, Charles Thompson, and Dewey Jones had a busy night containing the Lake Worth speedy backs.

Defensive halfbacks, Buckner, Causey, and Blakely several times prevented disaster. The first half with tackles on or close to the line of scrimmage. Lake Worth, using sweeps and quickies, put on a second half drive that looked unstoppable until they hit the Ram 14. After two sweeps hadn't gotten anywhere the Trojans reached for their bag of tricks. They tried a quick pitch to Pee Wee Wise around left end but Thompson wasn't buying any tricks and horse collared Wise for a yard loss. On a fourth and 10 situation Lake Worth tried a tricky reverse up the middle, but Belle Glade's middle wasn't fooled even a little and Clarke, Spooner, and Hayes happily hauled Mayer to the ground at the line of scrimmage. It was Lake Worth's last threat.

Deedy Mills could have made the two outstanding defensive plays, although they were many. With Belle Glade punting at midfield, Lake Worth stacked three men over Center to block the punt. Only one got through but Mills had to punt running full speed to his right. A block-punt only one got changed it all.

### Belle Glade Graduate Athletes Making Record At Troy State

Troy, Alabama . . . Dwight Ward and Thomas Bass, 1962 States Olympic team, says that graduates of Belle Glade High School, are outstanding members of the Troy State Red Wave varsity cross-country team.

Saturday, they both finished in the first seven in a race against Marlon Institute as the Red Wave compiled a perfect score to beat the Marlon harrers, 15-46.

The Troy State team now has won four against two defeats. Their next four meets will be against Pensacola College, Florida State University, Mississippi State University (The Champions of the SEC), and Alabama College.

Coach Nicholas G. Costes, a

member of the 1956 United States Olympic team, says that Dwight Ward and Thomas Bass are outstanding prospects in both cross-country and track.

**Sep. Cigarette Tax Nets Belle Glade \$6,348 SB & Pahokee Get \$4,112**

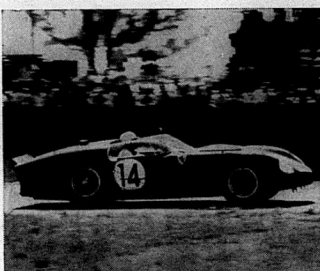

September is an indifferent month of cigarette smoking in the Glades — only \$10,458 in tax money is coming to the 3 municipalities on the eastern and southern shores of the Lake in Palm Beach County. Belle Glade gets \$6,348, while South Bay and Pahokee together will receive \$4,112. The South Bay-Belle Glade area receive \$7,425 of the \$10,458 total.

# How Super Shell's 9 ingredients can give cars top performance

**POWER INGREDIENT** in Super Shell works for world champion driver Phil Hill (above, in Ferrari racer). Hill, first American to win the World Championship for Drivers, relies on Super Shell. One important reason: power. Today's Super Shell contains "cat-cracked" gasoline—a power ingredient by cracking heavier petroleum molecules into lighter, livelier ones. It works to give you the power you need for top performance.

**MILEAGE INGREDIENT** in Super Shell is Platformate. Shell scientists test it in many cars, many places. In a recent test in San Francisco (above), exactly 250 cc. (about half a pint) of fuel without Platformate was fed into test car. Car ran until fuel was used up, then coasted to a stop (left). Distance: 6186 feet. Test was repeated, using same blend of fuel with Platformate added. Same amount of fuel. Same car. Same conditions. In this test, Super Shell with Platformate took car 6454 feet (right), gave a mileage bonus of 4.3 percent.

**NOISE-FIGHTING INGREDIENTS** in Super Shell work for a quiet engine at all speeds. Shell scientists even use a stethoscope (above) to check effect of Super Shell's anti-knock ingredients. One of these ingredients, an anti-knock mix, is so effective that a teaspoon per gallon can boost anti-knock rating five points. Alkylate, another Super Shell ingredient, is noted for controlling knock in hot engines, at high speeds better than anything else yet available.

**TCP\* AND FOUR OTHER INGREDIENTS** complete Super Shell's 9-ingredient blend. TCP additive can help restore power lost due to combustion deposits—can also extend spark plug life. Butane is for quick starts. Pentane mix helps engines run smoothly during "warm-up." The gum preventive ingredient is to help keep carburetors clean inside. And, when the weather calls for it, Super Shell contains an awicler. That's nine ingredients in Super Shell—scientifically blended to give you car top performance.

\*Trademark for Shell's unique gasoline additive. Gasoline containing TCP is covered by U.S. Patent 2892121.
